EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:
The title at the top of page 1 has been changed to:
--VGF Fusion Polypeptides---

3. The following is an examiner's statement of reasons for allowance:

Consistent with the prosecution history of this application, base claims 6 & 7 are interpreted to encompass only fusion proteins where the heterologous amino acid sequences are well known in the art and possess the recited functional properties, which are fused to only the VGF polypeptide of SEQ ID NO: 7. In other words, the recitation of "an amino acid sequence of SEQ ID NO: 7" does not encompass fragments of SEQ ID NO: 7, variants of SEQ ID NO: 7, nor polypeptides that comprise the VGF amino acid sequence of SEQ ID NO: 7. Pharmaceutical compositions of these VGF fusion polypeptides are interpreted to increase body weight.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
